

Threshold Prayer Consulting

Utilize the skill and expertise of Threshold's Founder, Paul Covert, to build a strategy for cultivating a culture of prayer in your church, organization or business.

“

We contacted Paul to help us go from a 'Church that Prays' to a 'Praying Church.' Paul came in and met with our team and outlined practices and disciplines of prayer.

We evaluated our current plans and times of prayer and then looked at where we wanted to go. Over the last year we have seen a dramatic increase of prayer, not only with our staff and elders, but most importantly in our congregation. People are engaging, not only in our corporate times of prayer, but we are also seeing prayer organically all across campus. Paul has helped give prayer 'breath' in our church.

Mo Grim,
former Pastor
at Grace Community Church
